Chums Beauty is a Nigerian hair styling and beauty brand, where elegance meets expertise. For Chums Beauty, it is not just about hair; it’s about celebrating the beauty, culture, and individuality that makes each person unique.

Chums Beauty logo, a captivating word mark, is the cornerstone of the brand’s identity. In designing the new logo, we took an approach that aimed outside the industry generic logo norm. Recognizing the need for more mature and personalized touch, we designed with attention to details a cursive word mark logo.

Our mission was clear; to design a logo that is not only stylish and clean but also timeless.

Chums Beauty logo, a captivating word mark, is the cornerstone of our brand identity. Designed with care and attention to details, it features a customized version of the cursive font, “Amsterdam” designed by Lettersiro.

This choice of font was very deliberate, as ‘Amsterdam’ embodies the qualities Chums Beauty holds dear: simplicity and class. The flowing graceful curves of the letters reflect the expertise of our stylists, while the clean lines signify the brand’s commitment to precision.

Typography is an essential element of our brand identity and a powerful tool for achieving consistent expression in communication. To continue the idea of simplicity, the brand typography uses the font “Roboto” which is clean, simple and modern.
