As a trusted destination for premium, high-end products, RTM is committed to offering its customers a curated collection of exclusive and genuine fashion pieces. Through a seamless blend of luxury, authenticity, and trust, RTM aims to foster lasting relationships with its discerning clientele.

The RTM Fashion Concierge brand is built on a foundation of authenticity, quality, and exclusivity. This brand guideline serves as a blueprint for maintaining RTM's visual and emotional identity, ensuring consistency across all touchpoints and communication channels.

Logo Mark

The logo mark for RTM Fashion Concierge features the stylized initials "RTM" in a fluid, script-like typeface. This design reflects a sense of individuality and style, capturing the essence of the brand's commitment to fashion and exclusivity. The flowing lines represent the seamless shopping experience RTM provides, while the minimalist approach highlights the brand's modern aesthetic.

Primary Logo

The primary logo is a combination mark that integrates the elegant script of "RTM" with "Fashion Concierge", presented beneath in a clean, sans-serif typeface. This logo is used predominantly across most brand materials, offering a balance between the distinctive personality of the logo mark and the clarity of the full brand name. It represents the brand's comprehensive approach to serving its clientele, emphasizing both luxury and service.

Secondary Logo

The secondary logo retains the "RTM" script and pairs it with "Fashion Concierge" in a more compact form directly beneath the initials, suitable for use where space or design constraints prevent the use of the primary logo. This version is particularly useful in smaller or more confined spaces where maintaining brand recognition and legibility is crucial. It ensures the brand's identity remains consistent and recognizable even in limited applications.
